

# Tubular 60 track light

Product Data

This commercial 13W LED Track Light is available in a wide choice of options. Choose from black or white housing with a further selection of baffle colour in gold, black or white. A Global Trac Pro 3-Circuit adapter is used allowing attachment to Global and compatible track systems e.g. Powergear (this does not apply to the DALI option). A high quality, versatile and flexible LED spotlight with many applications in shops, offices, showrooms, community and domestic premises.
