

# SD5W

5W DOWNLIGHT

This 5W Colour Switchable LED Downlight is an excellent choice for a cost-effective solution that doesn't compromise on performance. Designed for versatility, it features a dual-colour switch (Warm White, Cool White) to suit any space. With high lumen output and exceptional energy efficiency, it delivers bright, reliable lighting while keeping energy bills low. Perfect for homes, offices, or commercial spaces seeking quality on a budget.
