

STR15

15W TRACKLIGHT

Light up your space with our 15W Colour Switchable Tracklight. An affordable, high-performance lighting solution. Designed to suit 3-circuit track systems, it offers flexibility and easy integration into new or existing setups. With dual-colour switching (Warm White & Cool White), it adapts to any environment. Compact yet powerful, it delivers high light output with excellent energy efficiency – perfect for cost-conscious projects that still demand quality and versatility.
